

Our Foundation:

Incorporated in May 2000 as a non-profit organization, the OBW Foundation is dedicated to providing for the education of women. The OBW Foundation continues to impact the lives

of Oklahoma women and their families - awarding over \$50,000 in scholarships during the first ten years. Your contributions have made this possible. As we

continue with our efforts to support women in our state, your gift or donation is very much appreciated and will assist us with our ongoing educational support of Oklahoma women. All donations are tax deductible.

Empower yourself and others ~ Donate.

*Seeking Equality for ALL
Oklahoma Women ...*

Our History:

The Oklahoma Federation of Business Women, Inc. (OBW) was founded in 1919 and has a rich history of service as an advocate for women and girls of Oklahoma and USA. Almost a century later, we continue to serve our state and communities with the same spirit our fore-mothers instilled in us many years ago.

Our Mission:

Our goal is to achieve specific gains for women under the law, including:

- *Equal pay and equal education for women in all stages of life*
- *Equitable health insurance and pension plans for all women*
- *Equal representation of women by equalizing treatment of men and women*

We have sought these goals methodically, rationally, and with dignity. We are the moderate voice for Oklahoma Women.

OBW Today:

Governed by women, membership provides a unique opportunity to develop professional skills necessary for career

advancement. With over 30 local organizations, OBW provides its members with networking opportunities, leadership experiences, personal and professional development, information on critical issues facing women today, participation in the state and national legislative process and fellowship.

Since 1919, OBW has been building women's careers and skills through workshops, seminars, conferences, and legislative events; providing scholarships for young women and non-traditional female students seeking more education and training so that they may advance in their careers; building public issues awareness through media and other venues; and much more! Our members also make a difference through our local organizations, each with their own projects, scholarships and programs. Together, we are Oklahoma Women, Working to Make a Difference!

What makes us different?

Our membership is diversified. It does not represent any one specific industry or profession. It does not focus on just one cause. It is not limited to just working women. And it does not restrict male membership. *Our membership is open to all that believe in our mission.*

Why OBW?

Our members benefit from networking, resources, career positioning, educational programs and visibility. You are in control of your OBW time and decide how involved you want to be at the local and state levels. Local meetings are a great opportunity to get away, meet people, exchange ideas, gain information, and possibly make the connections one needs to move forward in their career.

Member of a Local Organization:

A local organization provides you access to face-to-face meetings and networking opportunities in your area. You have access to valuable professional development and career resources both on the local and state levels. You will receive up-to-date information on issues affecting Oklahoma women. For more information, visit www.oklahomabusinesswomen.org.
